

JPX Investor Day 2025

Cash Equity Market

President & CEO

Tokyo Stock Exchange, Inc.

Iwanaga Moriyuki

July 1, 2025

Positioning of Each Initiative in the “Medium-Term Management Plan 2027”

Basic Policy for Medium-Term Management Plan 2027

Exchange & beyond

- We will strictly maintain our customer-oriented, "market-in" approach based around societal issues and user needs, and will continue to actively venture into new fields while developing the foundations we have built in the first stage.
- As a core infrastructure of Japan's financial and capital markets, while enhancing trust in the market and JPX Group, we will aim to **increase the value we provide to society** through, for example, providing strong support for the promotion of Japan as a leading asset management center.

Value Creation Approach

Enhancement of stock price and trading volume will lead to the maximization of JPX's revenue

Higher Stock Price

Enhancement of listed companies' corporate value

Main initiatives

Promote management that is conscious of cost of capital and stock price

Invigorate the Growth Market

Initiatives to support listed companies

Higher Trading Volume

Increase in trading volume

Main initiatives

Promote new listings

Expand ETF product lineup

Extend trading hours

- After TSE's request, many companies have begun initiatives.
- Many issues remain to be addressed to improve corporate value.

Disclosure Status (Prime)

■ Updated disclosure • Disclosed ■ Initial disclosure • Disclosed
■ Under consideration ■ Not disclosed

Note: As of May 31, 2025

Disclosure Status and Stock Prices After the Request (Prime)

Note: Estimations of stock price trends for each category (equal weightings) where prices as of 2023/3/31 are converted to 100.
Disclosure status is as of 2025/4/30.

Support Measures by TSE

Providing materials to resolve discrepancies with investor's perspectives

- Continual updating of good case studies and examples of misalignment
- Adding elements of the review process as well as disclosure content to the good case studies

Promoting smooth communication with investors

- Assessing the status of utilization of the list of companies wishing for contact and reviewing how it could be further utilized
- Setting up opportunities for dialogue and deepening understanding

Initiatives to Invigorate the Growth Market

Higher Stock Price
Enhancement of listed companies' corporate value

- To make the Growth Market “a market where companies aiming for high growth gather”, we promote growth support measures with related parties even before listing.

Future Measures (Overview)

Status of Activities of Listed Company Support Group

Higher Stock Price
Enhancement of listed companies' corporate value

- While requesting various initiatives to enhance corporate value over the medium- to long-term, TSE established a dedicated group to support such initiatives by working closely with listed companies.
- Through the provision of TSE's proprietary support program, it contributes to the enhancement of listed companies' corporate value.

Enhancement of listed companies' corporate value

Follow-up With Listed Company Management

President of TSE explains the background behind TSE's request and the purpose of other various initiatives to **management of listed companies nationwide** (so far, 29 held with 593 companies from 36 prefectures participating).

Support for Those in Charge of Practical Operations

- **Explain how domestic and overseas institutional investors think and provide examples of actions taken by other listed companies.**
- **Provide consultation on issues faced by each company**
 - Individual consultations held: 86
 - Speaking at events/seminars: Total of 4,300 participants

Support for Expanding Listed Companies' IR Functions

Improve IR skills

- **Providing content to improve skills (online)**
 - Distributed 11 lessons with over 12,000 views
- **Providing a forum for problem solving in IR**
 - Provide opportunities for direct consultation with experts and for networking between those in charge of IR
 - Hold IR workshops for companies with limited IR experience due to their recent listing

Create points of contact with institutional investors

- **Preparation for dialogue**
 - Provide opportunities for consultation with those in charge of operations
- **Creating opportunities for dialogue (primarily for Prime and Standard)**
 - Set small meetings
- **Conveying the appeal of listed companies (for Growth)**
 - Distribute a collection of videos that introduce business activities and other information

Number of IPOs on TSE

Higher Trading Volume
Increase in trading volume

- In FY2024, total financing reached its highest level since FY2020.
- Launched the "TSE Asia Startup Hub" and programs for management in each region of Japan to establish an ecosystem conducive to the initial listing of domestic and overseas companies.

Note 1: Number of IPOs in parentheses

Note 2: Includes initial listings on TOKYO PRO Market and does not include listings via TOKYO PRO Market.

Note 3: Number of companies by the end of June for FY2025

Note 4: Total financing refers to the total amount of public offering and secondary distribution (including overseas and OA), and for TOKYO PRO Market, refers to solicitation of primary offering for subscription to specified investors or solicitation of sale to specified investors.

Initiatives to Invigorate ETF Market

Higher Trading Volume
Increase in trading volume

- Promote growth in the market size and trading value of ETFs by expanding the product lineup and investor base.
- Launched CONNEQTOR, a platform for institutional investors to request quotes directly from market makers, in 2021.

Number of Listed ETFs

Note: Figures for 2025 are until June 30

Initiatives for Diversifying Products and Increasing ETF Transactions

Promoting new listings and entry of new management companies

- Enhance efficiency of ETF listing process
- Improve system for listing active ETFs
- Expand lineup of Foreign Equities ETFs

Actions to support growth after listing

- Enhance convenience of new NISA system
- Promotion to retail investors
- Marketing to institutional investors

Initiatives to increase number of ETF transactions

- Enhance efficiency of creation/redemption process
- Promote use of CONNEQTOR by institutional investors
- Begin full-scale ETF sales overseas

CONNEQTOR—Continuously Expanding

Note: Figures for 2025 are until May 31

<Average daily trading value>

Note: Figures for 2025 are until May 31

Initiatives to Enhance Cash Equity Market Functions

Higher Trading Volume
Increase in trading volume

- In November 2024, the trading system will be upgraded to improve resilience and market convenience. In addition, the trading system will be reviewed, including the extension of the auction hours by 30 minutes.
- Through the upgrade of the trading system, system processing capacity was also improved. Trading opportunities were expanded, resulting in an increase in trading value.

Transaction Status After Trading Hours Extension

<Average daily trading value>

<Number of orders>

Source: Tokyo Stock Exchange

Notes: Before trading hours extension: May 1, 2024–November 1, 2024 (excluding August 2024)

After trading hours extension: November 5, 2024–March 31, 2025

When calculating the effect of increased trading value due to extended trading hours after excluding the impact of market events, the figure is approximately +6%.
